CAREER OBJECTIVE

A detail-oriented and motivated Computer Science undergraduate with a strong foundation in Android Development, Web Technologies (React.js, Node.js), and Python. Eager to apply my technical skills and problem-solving mindset in a dynamic and growth-driven company. Seeking a challenging internship or entry-level role where I can contribute to innovative projects, collaborate with skilled teams, and grow as a full-stack developer.

EDUCATION

- Kakinada Institute of Engineering and Technology II, Korangi**
Bachelor of Technology in Computer Science Engineering (AI & ML)
July 2022-April2026
CGPA:7.8
- Sree Ram Junior College intermediate (MPC).**
Board of Intermediate Education Andhra Pradesh
July 2020 -May2022
CGPA:7.0
- Sri Ravi Teja English Medium High School.**
State Board of Secondary Education
July 2018 May2019
CGPA: 10.0

INTERNSHIP EXPERIENCE/HACKATHONS

Role	Organization	Duration	Mode	Key Contributions
IoT Research Intern	IIIT Hyderabad	May 2025 - Present	Onsite	Researched LSTM models for IoT time-series forecasting
RCTS Research Intern	IIIT Hyderabad	Dec 2024 - Jan 2025	Onsite	Enhanced AI assistant platform for TFI fellows
Junior Full Stack Developer	K-Hub (KIET) x RCTS, IIIT-H	Aug 2024 - Apr 2025	Remote	Built MERN stack Hackathon platform "HackTrack"
AICTE Internships (4x)	EduSkills (AICTE NEAT)	Oct 2024 - Jun 2025	Remote	Java, AI-ML (Google & AWS), trained on Spring Boot, AWS SageMaker, Python ML
AI Intern - Summer of AI	Swecha Foundation	May - Jun 2024	Remote	Worked on ASR and regional language processing with Python
Python Programming Intern	CodSoft	Oct - Nov 2023	Remote	Built hands-on Python projects (OOP, file handling, logic building)

PROJECTS

Project Name	Purpose	Tech Stack
HackTrack – Hackathon Platform	Streamline hackathon registrations and submit	React.js, Node.js, Express.js, MongoDB
Extracurricular Assistant (IIIT-H RCTS)	Help TFI fellows with extracurricular planning	React.js, Firebase, Node.js, Vite
AI-Powered Regional ASR System (Swecha)	Preserve Indian languages using AI voice tech	Python, Jupyter Lab, SpeechRecognition
Python Task Manager	Manage and automate daily Python tasks	Python, File I/O, OOP, CLI

SKILLS

Category	Skills
Languages	Python, Java, JavaScript, C (Basics)
Web Development	HTML, CSS, React.js, Node.js, Express.js, REST API
AI/ML & Data	Machine Learning, Supervised & Unsupervised Learning, LSTM, LSTM Time Series Models, AWS SageMaker, Python (Numpy, Pandas,)
Cloud Platforms	AWS (Cloud Foundations, Machine Learning Foundations)
Database	MongoDB.
Tools & Platforms	Git, GitHub, Jupyter Notebook, VS Code, Firebase, Postman, Google Colab

CERTIFICATES

- Summer Internship ,FMML , Research Internship , Junior Developer – IIIT Hyderabad
- AI-ML & Cloud Foundations , Android & Java Full Stack Virtual Internships – AWS Academy / EduSkills
- Python Basics – IBM SkillBuild & Infosys Springboard
- Intro to Python – Edyst & SoloLearn
- SAWIT.AI Learnathon – GUVI x NASSCOM

ACHIEVEMENTS

- Selected for **IoT Research Internship** at IIIT Hyderabad
- Winter Research Internship** at RCTS Lab, IIIT Hyderabad
- Completed 8-Month **Full Stack Internship**
- Completed **4 virtual internships** AI-ML, Java Full Stack, Android Developer, AWS ai-ml
- Secured multiple certifications from **IBM, GUVI, Edyst, SoloLearn, and HackerRank**
